STEVEN C. EROR

[____], 2018

Dear Fellow ProLung Stockholder:

Steven C. Eror, together with the other participants in this solicitation named herein (collectively, “we” or “us”), are the beneficial owners of an aggregate of 731,377 shares of common stock, par value \$0.001 per share (the “Common Stock”), including 103,175 Shares issuable upon the conversion of certain convertible notes, of ProLung, Inc., a Delaware corporation (“ProLung” or the “Company”), representing approximately 18.5% of the outstanding shares and making us the Company’s largest stockholder. Through the enclosed Consent Statement, we are soliciting your consent to increase the size of the Board of Directors of ProLung (the “Board”) and elect eight (8) highly qualified director nominees who are fully committed to ensuring that the best interests of stockholders are properly prioritized during this critical period.

Steve Eror is the founder of ProLung and served as the Company’s CEO and a Board member until June 2018. On June 26, 2018, after more than thirteen years of service as ProLung’s co-founder and leader, the Board voted to terminate Mr. Eror’s employment for cause, based on disputed facts which Mr. Eror has challenged and plans to vigorously fight. On the following day, five out of seven of the Company’s directors, including Mr. Eror, resigned from the Board in the aftermath of his termination. We believe that in the wake of Mr. Eror’s termination and the resulting departure of a majority of the Board, the Company has lacked the continuity and veteran leadership that we believe would restore the confidence that stockholders deserve. Without what we consider to be sufficient industry-related expertise in capital raising, clinical trials, commercialization and the launch of products, as well as the ability to provide access to public financial markets and strategic transactions, we believe the current Board cannot effectively serve the best interests of stockholders. For example, the current interim CEO, Michael Garff, lacks experience as a chief executive in either the medical technology industry or any relevant industry.

We are launching this consent solicitation because we believe that stockholders must take action now to prevent further destruction of value. **We urge you to carefully consider the information contained in the attached Consent Statement and then support our efforts by signing, dating and returning the enclosed WHITE consent card today. The attached Consent Statement and the enclosed WHITE consent card are first being furnished to the stockholders on or about [____], 2018. We urge you not to sign any revocation of consent card that may be sent to you by ProLung. If you have done so, you may revoke that revocation of consent by delivering a later dated WHITE consent card to us, in care of [____], which is assisting us, at their address and toll-free numbers listed on the following pages,] or to the principal executive offices of ProLung.**

If you have any questions or require any assistance in executing your consent, please contact [____], which is assisting us, at the address and toll-free numbers listed on the following page.

Thank you for your support.

**PRELIMINARY COPY SUBJECT TO COMPLETION
DATED AUGUST 6, 2018**

PROLUNG, INC.

**CONSENT STATEMENT
OF
STEVEN C. EROR**

PLEASE SIGN, DATE AND MAIL THE ENCLOSED WHITE CONSENT CARD TODAY

This Consent Statement and the accompanying **WHITE** consent card are being furnished to you as a stockholder of ProLung, Inc., a Delaware corporation (“ProLung” or the “Company”), by Steven C. Eror (together with the other participants in this solicitation named herein, collectively, “we”, “us” or “our”), in connection with our solicitation of written consents to expand the Company’s Board of Directors (the “Board”) and elect our highly-qualified nominees. As the Company’s largest stockholder, with aggregate beneficial ownership of 731,377 shares of the Company’s common stock, par value \$0.001 per share (the “Common Stock”), including 103,175 Shares issuable upon the conversion of certain convertible notes, constituting approximately 18.5% of the outstanding shares, we believe the Board must be significantly and immediately reconstituted to ensure that the best interests of the stockholders, the true owners of ProLung, are appropriately represented in the boardroom.

A solicitation of written consents is a process that allows a company’s stockholders to act by submitting written consents to one or more proposed stockholder actions in lieu of voting in person or by proxy at an annual or special meeting of stockholders. We are soliciting written consents from the holders of shares of the Common Stock to take the following actions (each, as more fully described in this Consent Statement, a “Proposal” and together, the “Proposals”), without a stockholders’ meeting, as authorized by Delaware law:

Proposal 1 – Repeal any provision of the First Amended and Restated Bylaws of the Company (the “Bylaws”), in effect at the time this Proposal becomes effective, including any amendments thereto, which was not included in the Bylaws that were in effect on July 14, 2017 and were filed with the Securities and Exchange Commission (the “SEC”) on July 19, 2017 (the “Bylaw Restoration Proposal”);

Proposal 2 – Amend Article 3, Section 3.1 of the Bylaws, as set forth on Schedule III to this Consent Statement, to provide that stockholders have the exclusive ability to fix the size of the Board and to increase the size of the Board to twelve (12) directors (the “Board Size Proposal”);

Proposal 3 – Amend Article 3, Section 3.2 of the Bylaws, as set forth on Schedule IV to this Consent Statement, to allow any vacancies on the Board resulting from any newly created directorship(s) or for any cause to be filled exclusively by the stockholders of the Company (the “Vacancy Proposal”); and

Proposal 4 - Elect our eight nominees: Michael N. Christiansen, Ron Dunford, Steven C. Eror, Brian W. Loveridge, Todd M. Morgan, Don A. Patterson, Richard Serbin and Eric M. Sokol, to serve as directors of the Company (or, if any such nominee is unable or unwilling to serve as a director of the Company, any other person designated as a nominee by the remaining nominee or nominees) (the “Nominees”) (the “Election Proposal”).

This Consent Statement and the enclosed **WHITE** consent card are first being sent or given to the stockholders of ProLung on or about _____, 2018.

We are soliciting your consent in favor of the adoption of the Board Size Proposal, the Vacancy Proposal and the Election Proposal because we believe ProLung stockholders will be best served by directors who are committed to safeguarding and promoting the best interests of all ProLung stockholders. In addition, we are also soliciting your consent in favor of the adoption of the Bylaw Restoration Proposal to ensure that the incumbent Board does not limit the effect of your consent to increase the size of the Board and the election of the Nominees through changes to the Bylaws not filed with the SEC on or before July 19, 2017, the last date amendments to the Bylaws were filed with the SEC.

The effectiveness of each of the Proposals requires the affirmative consent of the holders of record of a majority of the shares of outstanding voting securities as of the close of business on the Record Date (as defined below). Each Proposal will be effective without further action when we deliver to ProLung such requisite number of consents. Proposal 1 (Bylaw Restoration Proposal), Proposal 2 (Board Size Proposal) and Proposal 3 (Vacancy Proposal) are not subject to, or conditioned upon, the effectiveness of the other Proposals. Proposal 4 (Election Proposal), is conditioned, in part, upon the Vacancy Proposal. If the Vacancy proposal is not approved, then stockholders may not fill any vacancies in the Board and none of our Nominees can be elected pursuant to the Election Proposal.

On July 26, 2018, Mr. Eror delivered a request for the Board to fix a record date in accordance with the Bylaws for determining stockholders entitled to give their written consent to the Proposals. On August [], 2018, Mr. Eror delivered to the Secretary of ProLung written notice of the Proposals. On August 3, 2018, ProLung delivered a letter to Mr. Eror stating that the Board has established the close of business on August 13, 2018 as the record date for purposes of determining stockholders entitled to give their written consent to the Proposals (the "Record Date"). According to the Company, as of the Record Date, there were [] shares of Common Stock outstanding, each of which is entitled to one consent on each Proposal.

In addition, none of the Proposals will be effective unless the delivery of the written consents complies with Section 228(c) of the Delaware General Corporation Law ("DGCL"). For the Proposals to be effective, properly completed and unrevoked written consents must be delivered to ProLung within 60 days of the earliest dated written consent delivered to ProLung. Mr. Eror delivered his written consent to ProLung on August [], 2018. Consequently, by October 12, 2018, Mr. Eror will need to deliver properly completed and unrevoked written consents to the Proposals from the holders of record of a majority of the outstanding voting securities as of the close of business on the Record Date. We intend to set [September 28], 2018 as the goal for submission of written consents.

WE URGE YOU TO ACT TODAY TO ENSURE THAT YOUR CONSENT WILL COUNT.

We reserve the right to submit to ProLung consents at any time within 60 days of the earliest dated written consent delivered to ProLung. See "Consent Procedures" for additional information regarding such procedures.

As of the Record Date, we were the beneficial owner of an aggregate of _____ shares of Common Stock, representing approximately _____% of the outstanding shares of Common Stock. We intend to consent in favor of the Proposals with respect to all of such shares of Common Stock.

As of the Record Date, there were [_____] shares of Common Stock outstanding, as reported in the Company's [_____] filed with the SEC on _____, 201_. The mailing address of the principal executive offices of ProLung is 757 East South Temple, Suite 150, Salt Lake City, Utah 84102.

We urge you to vote in favor of the Proposals by signing, dating and returning the enclosed **WHITE** consent card. The failure to sign and return a consent will have the same effect as voting against the Proposals. Please note that in addition to signing the enclosed **WHITE** consent card, you must also date it to ensure its validity.

THIS CONSENT SOLICITATION IS BEING MADE BY STEVEN C. EROR AND THE OTHER PARTICIPANTS NAMED HEREIN, AND NOT BY OR ON BEHALF OF THE COMPANY. WE URGE YOU TO SIGN, DATE AND RETURN THE WHITE CONSENT CARD IN FAVOR OF THE PROPOSALS DESCRIBED HEREIN.

If your shares of Common Stock are registered in your own name, please submit your consent to us today by signing, dating and returning the enclosed **WHITE** consent card in the postage-paid envelope provided.

If you hold your shares in "street" name with a bank, broker firm, dealer, trust company or other nominee, only they can exercise your right to consent with respect to your shares of Common Stock and only upon receipt of your specific instructions. Accordingly, it is critical that you promptly give instructions to consent to the Proposals to your bank, broker firm, dealer, trust company or other nominee. Please follow the instructions to consent provided on the enclosed **WHITE** consent card. Eror, c/o [____], so that we will be aware of all instructions given and can attempt to ensure that such instructions are followed.

Execution and delivery of a consent by a record holder of shares of Common Stock will be presumed to be a consent with respect to all shares held by such record holder unless the consent specifies otherwise.

Only stockholders of record as of the close of business on the Record Date will be entitled to consent to the Proposals. If you are a stockholder of record as of the close of business on the Record Date, you will retain your right to consent even if you sell your shares of Common Stock after the Record Date.

IF YOU TAKE NO ACTION, YOU WILL IN EFFECT BE REJECTING THE PROPOSALS. MARKING THE "AGAINST CONSENT" OR "ABSTAIN" BOXES ON THE ENCLOSED WHITE CONSENT CARD, IN ADDITION TO BROKER NON-VOTES, WILL HAVE THE SAME EFFECT AS A REJECTION OF THE PROPOSALS.

BACKGROUND TO THE SOLICITATION

- On June 26, 2018, the Board terminated the employment of Steven C. Eror, Chief Executive Officer, after Mr. Eror's more than thirteen years of service as ProLung's co-founder and leader. The Company did not state in its Current Report on Form 8-K (the "8-K") filed with the SEC on June 29, 2018, that Mr. Eror was terminated for cause, but the Company did state that Mr. Eror was not entitled to any severance in connection with the termination of his employment. The Company further stated that, after being provided a draft of the 8-K, Mr. Eror expressed his disagreement with the statement that he was not entitled to severance in connection with the termination of his employment and reserved the right to identify additional disagreements. The 8-K went on to state that whether Mr. Eror is entitled to severance in connection with the termination of his employment is dependent upon whether his termination was for cause.
- On June 27, 2018, each of Steven C. Eror, Dr. Robin Smith, Dr. John C. Ruckdeschel, Neil Berkley and Todd Morgan resigned as a director of the Company, reducing the number of directors serving on the Board from seven to two. The letters of resignation delivered by the resigning directors did not identify any disagreement on any matter relating to the Company's operations, policies or practices.
- On June 28, 2018, the Board appointed Michael Garff, then the Company's COO, to serve as the Company's interim CEO.
- Also, on June 28, 2018, the Board appointed Mr. Garff and Mark Anderson, the Company's CFO, as directors of the Company.
- On July 10, 2018, the Company released responses to frequently asked questions related to recent management changes at the Company, with a copy of the questions and responses furnished as Exhibit 99.1 to its Current Report on Form 8-K filed on July 11, 2018, and stated that "as a result of privacy, confidentiality, legal and strategic concerns, we may be unable to provide answers to all of your questions." In response to the question "Why was the employment of the Chief Executive Officer terminated?" the Company stated that "in late April 2018, the Chairman of our Audit Committee received a number of confidential communications from employees identifying concerns of various types associated with our Chief Executive Officer, Mr. Eror. The Audit Committee promptly initiated an investigation and provided frequent updates to all of the independent directors from and after May 7, 2018. Following numerous meetings of the independent directors, and after giving due weight to both the information reported by the Audit Committee and the inquiries to which Mr. Eror elected to respond, and considering a number of alternative means for addressing the issues raised, on June 26, 2018, the Board of Directors voted to terminate Mr. Eror's employment for cause. For legal and confidentiality reasons, we cannot provide the specific bases for the decision of the Board of Directors."
- On July 26, 2018, Mr. Eror delivered a letter to the Company (the "Record Date Request Notice") stating his intent to publicly solicit the written consent of stockholders seeking corporate action without a meeting and to request that the Board set a record date immediately, but in no event more than ten (10) days from the date thereof, for the purpose of determining the stockholders entitled to express consent to corporate action in writing without a meeting.

- Also, on July 26, 2018, Mr. Eror issued a press release to announce his intention to commence a public consent solicitation at ProLung to expand the size of the Board, allow stockholders to fill Board vacancies and elect each of Richard Serbin, Todd Morgan, Michael Christiansen, Eric Sokol, Ron Dunford, Steven Eror, Brian Loveridge and Don Patterson (each, a “Nominee” and collectively, the “Nominees”) to serve as a director of the Company (or, if any such Nominee is unable or unwilling to serve as a director of the Company, any other person designated as a Nominee by Mr. Eror). Mr. Eror further stated that each of the Nominees “is well equipped to guide the Company through the final phases of development and early commercialization as well as to provide access to public financial markets and strategic transactions.”
- On July 31, 2018, Mr. Eror and the Nominees filed a Schedule 13D with the SEC disclosing combined beneficial and economic ownership interest in approximately 18.5% of the outstanding shares of the Company’s Common Stock. In the Schedule 13D Mr. Eror stated his belief that the current Board is not acting in the best interests of ProLung stockholders and that experienced directors are needed to enhance shareholder value. As such, Mr. Eror stated that he intended to seek the written consent of stockholders to expand the size of the Board and elect a slate of eight directors to “proper oversight and direct management to take decisive steps to maximizing shareholder value.”
- On August 3, 2018, in order to preserve his right to seek Board representation at the Annual Meeting, Mr. Eror delivered a letter to ProLung’s Corporate Secretary (the “Nomination Notice”) nominating Richard Serbin, Todd Morgan, Michael Christiansen, Eric Sokol, Ron Dunford, Steven Eror, Brian Loveridge and Don Patterson as Nominees for election at the Annual Meeting.
- Also, on August 3, 2018, and after Mr. Eror’s public disclosure of his intent to seek the election of the Nominees to the Board, the Company filed a Current Report on Form 8-K filed with the SEC stating that Jared Bauer was appointed to the Board on July 30, 2018, with a term expiring at the Company’s 2020 annual meeting of stockholders. The Company further stated that the Board’s size was expanded to five directors in connection with Mr. Bauer’s appointment.
- Also, on August 3, 2018, Mr. Anderson delivered a letter to Mr. Eror in response to the Record Date Request Notice and stated that the Board set August 13, 2018 as the record date for the purpose of determining the stockholders entitled to express consent to corporate action in writing without a meeting in connection with Mr. Eror’s public consent solicitation at ProLung to expand the size of the Board, allow stockholders to fill Board vacancies and elect each of the Nominees to serve as a director of the Company.
- On August 6, 2018, Mr. Eror filed this preliminary consent statement (the “Consent Statement”) with the SEC seeking the written consent of Company stockholders to expand the size of the Board to twelve directors, provide stockholders with the exclusive ability to fill Board vacancies and elect a slate of eight director nominees to fill the vacant Board seats.
- Also, on August 6, 2018, Mr. Eror delivered to the Company his written consent in favor of the Proposals set forth in the Consent Statement.

QUESTIONS AND ANSWERS ABOUT THIS CONSENT SOLICITATION

The following are some of the questions you, as a stockholder, may have and answers to those questions. The following is not meant to be a substitute for the information contained in the remainder of this Consent Statement, and the information contained below is qualified by the more detailed descriptions and explanations contained elsewhere in this Consent Statement. We urge you to carefully read this entire Consent Statement prior to making any decision on whether to grant any consent hereunder.

WHO IS MAKING THE SOLICITATION?

The solicitation is being made by Steven C. Eror and the other Participants (as defined below) named herein. As of August 6, 2018, we were the beneficial owners of an aggregate of 731,377 shares of Common Stock, representing approximately 18.5% of the outstanding shares and making us the Company's largest stockholder. For additional information on the Participants, please see "Additional Information Concerning the Participants" starting on page 21 of this Consent Statement.

WHAT ARE WE ASKING THAT THE STOCKHOLDERS CONSENT TO?

We are asking you to consent to four corporate actions: (1) the Bylaw Restoration Proposal, (2) the Board Size Proposal, (3) the Vacancy Proposal and (4) the Election Proposal.

We are asking you to consent to the Board Size Proposal, the Vacancy Proposal and the Election Proposal to expand the size of the Board and to give stockholders the exclusive ability to fill any vacancies in the Board prior to the effectiveness of the Election Proposal, and to elect the Nominees. In addition, in order to ensure that your consent to elect the Nominees will not be modified or diminished by actions taken by the incumbent Board, we are asking you to consent to the Bylaw Restoration Proposal.

WHY ARE WE SOLICITING YOUR CONSENT?

We are soliciting your consent because we believe the current Board does not possess the collective experience and subject matter expertise required to act with the best interests of stockholders in mind. As further discussed in the Reasons for the Solicitation section below, this solicitation is being undertaken in order to elect our slate of eight stockholder representatives to the Board to restore effective management and oversight at the Company.

WHO IS ELIGIBLE TO GRANT WRITTEN CONSENTS IN FAVOR OF THE PROPOSALS?

Stockholders of record of Common Stock as of the close of business on the Record Date have the right to consent to the Proposals. Under the applicable provisions of the Bylaws, stockholders of record as of the close of business on the Record Date will be entitled to one vote per share of Common Stock. Mr. Eror made a request on July 26, 2018 that the Board fix a record date for this consent solicitation. According to the Company, as of the Record Date, there were [] shares of Common Stock outstanding, each of which is entitled to one consent on each Proposal.

WHEN IS THE DEADLINE FOR SUBMITTING CONSENTS?

We urge you to submit your consent as soon as possible. Under the Bylaws, a written consent is not effective to take the action referred to in the consent unless, within 60 days of the earliest dated consent delivered to the Company, written consents signed by a sufficient number of stockholders to take action are delivered to the Company.

We delivered a written consent to the Company on August [], 2018. Consequently, we will need to deliver properly completed and unrevoked written consents to the Proposals from the holders of record of a majority of the outstanding voting securities as of the close of business on the Record Date no later than October 12, 2018. Nevertheless, we intend to set [September 28], 2018 as the goal for submission of written consents. Effectively, this means that you have until [October], 2018 to consent to the Proposals.

WE URGE YOU TO ACT AS SOON AS POSSIBLE TO ENSURE THAT YOUR CONSENT WILL COUNT.

HOW MANY CONSENTS MUST BE RECEIVED IN ORDER TO ADOPT THE PROPOSALS?

The Proposals will be adopted and become effective when properly completed, unrevoked consents are signed by the holders of a majority of the outstanding voting securities as of the close of business on the Record Date, provided that such consents are delivered to the Company within 60 calendar days of the date of the earliest dated consent delivered to the Company. According to the Company, as of the Record Date, there were [] shares of Common Stock outstanding, each of which is entitled to one consent on each Proposal. This means that the consent of the holders of at least [] shares of outstanding voting securities would be necessary to effect these Proposals. As of the Record Date, we beneficially owned in the aggregate [] shares of Common Stock, representing approximately % of the outstanding shares of Common Stock of the Company.

WHAT SHOULD YOU DO TO SUPPORT OUR PROPOSALS?

If your shares of Common Stock are registered in your own name, please submit your consent to us by signing, dating and returning the enclosed **WHITE** consent card in the postage-paid envelope provided.

If you hold your shares in “street” name with a bank, broker firm, dealer, trust company or other nominee, only they can exercise your right to consent with respect to your shares of Common Stock and only upon receipt of your specific instructions. Accordingly, it is critical that you promptly give instructions to consent to the Proposals to your bank, broker firm, dealer, trust company or other nominee. Please follow the instructions to consent provided on the enclosed **WHITE** consent card. If your bank, broker firm, dealer, trust company or other nominee provides for consent instructions to be delivered to them by telephone or Internet, instructions will be included on the enclosed **WHITE** consent card. We urge you to confirm in writing your instructions to the person responsible for your account and provide a copy of those instructions to Steven C. Eror, c/o [] so that we will be aware of all instructions given and can attempt to ensure that such instructions are followed.

REASONS FOR OUR SOLICITATION

Steve Eror is the founder of ProLung and served as the Company's CEO and a Board member until June 2018. On June 26, 2018, after more than thirteen years of service as ProLung's co-founder and leader, the Board voted to terminate Mr. Eror's employment for cause, based on disputed facts which Mr. Eror has challenged and plans to vigorously fight. On the following day, five out of seven of the Company's directors, including Mr. Eror, resigned from the Board in the aftermath of his termination. We believe that in the wake of Mr. Eror's termination and the resulting departure of a majority of the Board, there is currently a void in senior leadership at ProLung at a time when the Company is moving closer to FDA marketing authorization.

We are seeking to restore the confidence in the Company that stockholders deserve. Without what we consider to be sufficient industry-related expertise in capital raising, clinical trials, commercialization and the launch of products, as well as the ability to provide access to public financial markets and strategic transactions, we believe the current Board cannot effectively serve the best interests of stockholders. For example, the current interim CEO, Michael Garff, lacks experience as a chief executive in either the medical technology industry or any relevant industry.

As owners of approximately 18.5% of the outstanding Common Stock of ProLung, we have a vested financial interest in the maximization of the value of the Company's Common Stock. As such, our singular goal is to maximize stockholder value and our interests are aligned with the interests of all stockholders. Also, as a group of stockholders that include ProLung's founder and former CEO in addition to former Board members, we are deeply concerned with the current direction of the Company at this critical juncture in which ProLung's pending clinical validation study and application for FDA marketing authorization hang in the balance. Over a decade of careful preparation and strategic decision-making has gone in to positioning ProLung to successfully undertake the global commercialization and strategic partnerships that are vital to the Company's near-term and long-term success.

ProLung is at a critical juncture. Through this consent solicitation, we are seeking to add the continuity, experience and subject matter expertise to the Board that we believe is essential to advance the best interests of all ProLung stakeholders and to move ProLung technology forward toward FDA authorization to help lung cancer patients gain faster treatment and, thereby, help to extend lives.

We believe our Nominees possess the collective knowledge and strategic expertise to serve the best interest of ProLung stockholders, particularly given Mr. Eror's more than a decade of leadership and management experience at ProLung in capital raising and research and development. We view our slate of eight Nominees as qualified and experienced individuals who, if elected, would provide the proper oversight and direct management to take decisive steps to maximize stockholder value during the Company's development and commercialization of the ProLung Test and FDA review of its Statistical Analysis Plan. As such, we urge you to vote in favor of our Proposals and elect our Nominees to the Board in order to restore the effective oversight and accountability that we believe is much needed at the Company at this time.

PROPOSAL 1 – THE BYLAW RESTORATION PROPOSAL

We are asking you to consent to the adoption of the Bylaw Restoration Proposal to ensure that the incumbent Board does not limit the effect of your consent to the election of the Nominees through changes to the Bylaws not filed with the SEC on or before July 19, 2017, which have the effect of limiting existing stockholders' rights and abilities to take action in their capacity as stockholders of ProLung. The following is the text of the Bylaw Restoration Proposal:

“RESOLVED, that any provision of the Bylaws of ProLung, Inc. as of the effectiveness of this resolution that was not included in the First Amended and Restated By-Laws filed with the Securities and Exchange Commission on July 19, 2017, be and are hereby repealed.”

If the Board does not effect any additional changes to the version of the Bylaws publicly available in filings by ProLung with the SEC on or before July 19, 2017, the Bylaw Restoration Proposal will have no further effect. However, if the incumbent Board has made additional changes since that time, such as amending the provision in the Bylaws to change the procedure by which a record date is set in connection with a consent solicitation, the Bylaw Restoration Proposal, if adopted, will restore the Bylaws to the version that was publicly available in filings by ProLung with the SEC on July 19, 2017, without considering the nature of any changes the incumbent Board may have adopted. As a result, the Bylaw Restoration Proposal could have the effect of repealing bylaw amendments which one or more stockholders of the Company may consider to be beneficial to them or to the Company. However, the Bylaw Restoration Proposal will not preclude the Board from reconsidering any repealed bylaw changes following the consent solicitation. We are not currently aware of any specific bylaw provisions that would be repealed by the adoption of the Bylaw Restoration Proposal.

WE URGE YOU TO CONSENT TO THE BYLAW RESTORATION PROPOSAL

PROPOSAL 2 – THE BOARD SIZE PROPOSAL

The Bylaws provide that the Board of Directors shall consist of a minimum of three (3) and a maximum of 12 members, the number thereof to be determined from time to time by resolution of the Board of Directors or the stockholders. We are asking you to consent to the adoption of the Board Size Proposal to give stockholders the exclusive ability to fix the size of the Board and to increase the size of the Board to twelve (12) directors. Accordingly, you are being asked to amend the Bylaws as specifically set forth on Schedule III to this Consent Statement. The following is the text of the Board Size Proposal:

“RESOLVED, that Article 3, Section 3.1 of the Bylaws is hereby amended, as set forth on Schedule III to this Consent Statement, to give stockholders the exclusive ability to fix the size of the Board and to increase the size of the Board to twelve (12) directors.”

WE URGE YOU TO CONSENT TO THE BOARD SIZE PROPOSAL

PROPOSAL 3 – THE VACANCY PROPOSAL

We are asking you to consent to the adoption of the Vacancy Proposal to divest the current directors of their ability to fill vacancies resulting from any newly created directorship(s) or for any cause and provide stockholders with the exclusive ability to fill any such vacancies. Accordingly, you are being asked to amend the Bylaws in order to allow only the stockholders to fill any vacancies on the Board resulting from any newly created directorship(s) or for any cause, as set forth on Schedule IV to this Consent Statement. The following is the text of the Vacancy Proposal:

“RESOLVED, that Article 3, Section 3.2 of the Bylaws is hereby amended, as set forth on Schedule IV to this Consent Statement, to provide that any vacancies on the Board of Directors of the Company resulting from any newly created directorship(s) or for any cause shall be filled exclusively by the stockholders of the Company.”

WE URGE YOU TO CONSENT TO THE VACANCY PROPOSAL

PROPOSAL 4- THE ELECTION PROPOSAL

The Company currently has a classified Board, which is divided into three (3) classes. The directors in each class are elected for terms of three (3) years so that the term of office of one (1) class of directors expires at each annual meeting of stockholders. We do not believe the current Board has been acting in the best interests of the stockholders, as discussed in further detail in the "Reasons for the Solicitation" section of this Consent Statement. Accordingly, Mr. Eror is asking you to consent to elect, without a stockholders' meeting, each of the following individuals to serve as a director of ProLung, Inc.: Michael N. Christiansen, Ron Dunford, Steven C. Eror, Brian W. Loveridge, Todd M. Morgan, Don A. Patterson, Richard Serbin and Eric M. Sokol.

Each of the Nominees, if elected, would serve in one of the three classes. Each would hold office until the terms of the class they serve expire at the corresponding annual meeting and until such person's successor has been elected or until such person's death, resignation, retirement or removal. If the Board size is increased to twelve members (12) pursuant to the Board Size Proposal and stockholders have the right to fill vacancies resulting from any newly created directorship(s) or for any cause pursuant to the Vacancy Proposal, then your consent to elect the Nominees will have the legal effect of electing to the Board our eight highly qualified director Nominees to serve on a Board composed of twelve (12) members. There is no assurance that any of the Company's incumbent directors will serve as directors if any of the Nominees are elected. We do not believe that a change in control of the Board may be deemed to have occurred under any of ProLung's material contracts and agreements, including in the Company's employment/severance agreements with its named executive officers and potentially certain equity plans, despite the possibility of our successful solicitation of written consents to increase the size of the Board and to fill existing vacancies as a result of newly created directorship(s) or for any cause.

THE NOMINEES

The following information sets forth the name, age, business address, present principal occupation, and employment and material occupations, positions, offices, or employments for the past five years of each of the Nominees. For information regarding purchases and sales during the past two years by the Nominees and by the members of the Group (as defined below) of securities of the Company, see [Schedule I](#).

On July 30, 2018, Mr. Eror and the Nominees (collectively, the “Participants”) entered into a Joint Filing and Solicitation Agreement in which, among other things, (a) the Participants agreed to the joint filing on behalf of each of them of statements on Schedule 13D with respect to the securities of the Issuer and (b) the Participants agreed to solicit written consents or proxies in favor of the proposals set forth in the Consent Statement.

We believe that each of Messrs. Christiansen, Dunford, Loveridge, Morgan, Patterson, Serbin and Sokol presently is, and if elected as a director of the Company, would be, an “independent director” within the meaning of (i) applicable Nasdaq listing standards applicable to board composition, including Rule 5605(a)(2), and (ii) Section 301 of the Sarbanes-Oxley Act of 2002. No Nominee is a member of the Company’s compensation, nominating or audit committee that is not independent under any such committee’s applicable independence standards. We believe that Mr. Eror would not be deemed independent, if elected, under the applicable rules and regulations of the SEC and the Nasdaq Listing Rules.

Other than as stated herein, there are no arrangements or understandings between Mr. Eror and any of the Nominees or any other person or persons pursuant to which the nomination of the Nominees described herein is to be made, other than the consent by each of the Nominees to be named in this Consent Statement and to serve as a director of the Company if so elected.

On July 31, 2018, the Company filed a complaint (the “Complaint”) in the United States District Court for the District of Utah against Messrs. Eror, Christiansen and Morgan and other defendants alleging, among other things, violations of Section 13(d) and 14(a) of the Exchange Act and accompanying SEC Rules, and seeking (i) an order directing the defendants to correct alleged material misstatements and omissions in private communications to the Company stockholders, (ii) to enjoin the defendants from exercising any rights as ProLung stockholders, including their rights to vote or submit written consents, until such alleged material misstatements and omissions are corrected, and (iii) other injunctive relief relating to this Consent Solicitation. As of the date hereof, each of Messrs. Eror, Christiansen and Morgan has not been served with process as legally required in connection with the Complaint. Although there can be no assurance as to the ultimate outcome, Messrs. Eror, Christiansen and Morgan believe they have meritorious defenses, will deny liability, and intend to defend this litigation vigorously.

Except as set forth herein, no Nominee is a party adverse to the Company or any of its subsidiaries or has a material interest adverse to the Company or any of its subsidiaries in any material pending legal proceedings.

The Election Proposal to elect the Nominees is conditioned, in part, upon the effectiveness of the Vacancy Proposal. If stockholders are not granted the right to fill vacancies as a result of newly created directorship(s) or for any cause, none of the Nominees can be elected pursuant to the Election Proposal. If the Board size is increased by less than twelve members (12) pursuant to the Board Size Proposal and there are more Nominees receiving the requisite number of consents to fill vacancies pursuant to the Election Proposal than the number of resulting vacancies, then Mr. Eror intends to fill the vacancies in the following order: [_____].

Although we have no reason to believe that any of the Nominees will be unable or unwilling to serve as directors, if any of the Nominees are not available for election, Mr. Eror may designate such other nominee or nominees to be elected to the Board. In any such case, Mr. Eror would identify and properly designate such substitute nominees in accordance with the Bylaws and shares of Common Stock represented by the enclosed **WHITE** consent card will be voted for such substitute nominee(s). Each of the Nominees has agreed to be named in this Consent Statement and to serve as a director of the Company, if elected. The **WHITE** consent card delivered with this Consent Statement provides each stockholder with the opportunity to approve the Election Proposal in part by designating the names of any of the Nominees whom such stockholder does not want elected to the Board.

CONSENT PROCEDURES

Section 228 of the DGCL provides that, absent a contrary provision in a Delaware corporation's certificate of incorporation, any action that is required or permitted to be taken at a meeting of the corporation's stockholders may be taken without a meeting, without prior notice and without a vote, if consents in writing, setting forth the action so taken, are signed by the holders of outstanding stock having not less than the minimum number of votes that would be necessary to authorize or take such action at a meeting at which all shares entitled to vote thereon were present and voted and such consents are properly delivered to the corporation by delivery to its registered office in Delaware, its principal place of business or an officer or agent of the corporation having custody of the book in which proceedings of meetings of stockholders are recorded. ProLung's Third Amended and Restated Certificate of Incorporation does not contain any such contrary provision.

The Bylaws provide that the Board may fix a record date for determining the stockholders entitled to take action by written consent without a meeting, which record date shall not precede the date upon which the resolution fixing the record date is adopted by the Board, and which date shall not be more than 10 days after the date upon which the resolution fixing the record date is adopted by the Board. Pursuant to the Bylaws, if not otherwise fixed by the Board, the record date for determining stockholders entitled to take action without a meeting is the date the first stockholder consent is delivered to the Company.

In addition, none of the Proposals will be effective unless the delivery of the written consents complies with the Bylaws. Under the Bylaws, a written consent is not effective to take the action referred to in the consent unless, within 60 days of the earliest dated consent delivered to the Company, written consents signed by a sufficient number of stockholders to take action are delivered to the Company. We delivered a signed written consent to ProLung on August [], 2018. Consequently, we will need to deliver properly completed and unrevoked written consents to the Proposals from the holders of record of a majority of the outstanding voting securities as of the close of business on the Record Date no later than October 12, 2018. Nevertheless, we intend to set [September 28], 2018 as the goal for submission of written consents. **WE URGE YOU TO ACT TODAY TO ENSURE THAT YOUR CONSENT WILL COUNT.** We reserve the right to submit to ProLung consents at any time within 60 days of the earliest dated written consent delivered to ProLung.

Revocation of Written Consents

An executed consent card may be revoked at any time by delivering a written consent revocation before the time that the action authorized by the executed consent becomes effective. Revocations may only be made by the record holder that granted such consent. A revocation may be in any written form validly signed by the record holder as long as it clearly states that the consent previously given is no longer effective. The delivery of a subsequently dated **WHITE** consent card that is properly executed will constitute a revocation of any earlier consent. The revocation may be delivered either to Steven C. Eror, c/o [], or to the principal executive offices of ProLung. Although a revocation is effective if delivered to ProLung, we request that either the original or photostatic copies of all revocations of consents be mailed or delivered to Steven C. Eror, c/o [], so that we will be aware of all revocations and can more accurately determine if and when sufficient unrevoked consents to the actions described in this Consent Statement have been received.
